

# HIGH-LEVEL DIALOGUE ON HEALTHY INDOOR AIR

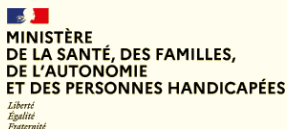

*An official event of the French G7 Presidency*

Tuesday, 19 May 2026 · Campus Biotech, Room B1-06, Genève

On the occasion of the 79th World Health Assembly, this high-level event will be a curated exchange of leadership perspectives and expert contributions from UN agencies, Health Ministers, technical experts, and partners on the topic of indoor air quality.

The event will introduce new signatories of the Global Pledge for Healthy Indoor Air and introduce the goal of a WHA Resolution on Healthy Indoor Air.

## OUR MISSION EXTENDS FAR BEYOND TODAY

## SIGN ON

**The Global Pledge for Healthy Indoor Air**

The first international commitment, launched at United Nations Headquarters, declaring that clean indoor air is fundamental for protecting health and safeguarding well-being.

Sign or learn more: [airclub.org/pledge](https://airclub.org/pledge)

## LOOKING AHEAD

**THE WHA RESOLUTION: A LONG-TERM INITIATIVE**

Tonight highlights the goal of a future World Health Assembly Resolution on Healthy Indoor Air – a collective global commitment to coordinate international efforts, mobilize resources, and drive concrete action. This multi-year project, led by the Geneva Health Forum, builds upon the pioneering first WHO Europe Indoor Air Conference organized by the Forum.

## NEXT STEPS · ROME 2026

**Join us for the next major milestone**

The next international project conference will take place on 30 October 2026 in Rome, Italy.
