

# 2026全国 智慧医保大赛

2026.04 — 2026.11

## 大赛核心/Core Vision

以数智技术赋能医保高质量发展为核心，锚定高质量数据、高水平开放、高标准安全三大方向，聚焦十二大领域，推动医疗大模型、智能体等核心要素与医保及跨领域数据深度融合。

At the heart of the competition is leveraging digital intelligence technologies to drive the high-quality development of healthcare security. It is anchored in three core pillars — high-quality data, high-level opening-up, and high-standard security — and focuses on 12 key fields to advance the in-depth integration of core digital intelligence elements (including medical large language models and intelligent agents) with healthcare security and cross-domain data.
